Dear Mr. Tettenhorst:

I have recently acquired three Proof Large Cents which I would like to offer to you. I sincerely hope that some or all of these will be of interest to you.

1857 Gem Proof. This is the best quality of the lot. The obverse has a very attractive golden color while the reverse is faded mint red. It is a Newcomb 5 and is priced at \$2,000.00

1845 Choice Proof. N-14 This piece is a brownish irred. color. It does have a few very minor surface marks but is very attractive and is better than many other Proof Large Cents I have seen \$1,350.00

1822 Very Choice Proof. N-6 This coin is entirely faded mint red color and has good depth as a Proof should have. The surfaces are satin smooth and all details are in very sharp relief. This is the first 1822 I have seen for several years. It is listed as a Rarity 7 in Breen's monograph and I feel that it is realistically priced at \$2,500.00.

Should any of these be of interest, please call me at the office during the day and I will be happy to ship on approval. I will be here until the morning of Jan. 29 when I leave for Texas, New York, and California.

Thank you and looking forward to hearing from you.

Very truly yours,

Kenneth M. Goldman
